By checking in after each module I would have a better idea if I should book a tutor session to go over things that I didn't understand. Also after I failed my 2nd exam I didn't know what to do. You guys don't talk about the domains much and what the questions for that specific domain looks like on the real exam. It would help to have group calls that touch on the domains. In my first attempt I did not use Pass the OT and scored a 415. I found Pass the OT when I began studying for my 2nd attempt. I went into my second attempt feeling much more confident than my 1st attempt. I look forward to continuing learning and accomplishing my goals.	other	OT Interactive	210 Days	2	423	60.66%	65.83%	Yes

						I loved how this program was holistic in structure from content to practice questions. Not only that but it was very accessible for different learning styles. When I was tired of reading and taking practice questions I enjoyed listening to the recorded group calls. I personally struggled a lot with question breakdown when two or three answers seem to be applicable to a scenario. I thought Cory Jessica C. and Angela were great at explaining the question and answer choices.
